Demographic Report

What is PTM's Demographic Report?

With over 470,000 healthcare professionals, 59,000 healthcare facilities and over 140,000 CASL compliant email addresses, PTM is the national leader in healthcare database services and marketing. PTM's Demographic Report provides a current record of the HCP segmented listings available for your marketing needs.

How can the Demographic Report be utilized?

Ordered alphabetically by practice specialty, facilities and organizations. The demographic report provides segmentation quantitative data totals, complete with province and language breakdowns. The demographic report provides an easy-to-interpret analysis on PTM's database for marketing target selection purposes.

The HCP database includes:

- **HCP Prescriber Professionals** – GP/FM Primary Care 6*, MD Specialists 186*, Nurse Practitioners 78*, Pharmacists 38*, Podiatrists, Dentists 38*, Veterinarians 22*, Opticians
- **Allied Health** – RNs 137*, Dieticians/ Nutritionists 25*, Physiotherapists 21*, Occupational Therapists 28*, Chiroprodists, Chiropractors, Naturopaths, Dental Hygienists, Denturologists
- **Healthcare Facilities** – Retail Pharmacies 12**, Pharmacy Distributors 5**, Drug Information and Poison Control Centres, Hospitals, Clinics 38**, Nursing Stations, Nursing homes/Extended Care, Hospices, Clinical Laboratories, Natural Health Stores
- **Organizations** – Healthcare, Government Agencies, Licensing Boards, Professional Universities and Colleges

The Demographic Report is also segmented based on whether an HCP is currently practicing or if they have a clinical Interest in the related specialty category. P + I markings indicate whether the category has both primary Practice and clinical Interest segmentation.

Why choose PTM to reach your target HCPs?

- **Accurate**
 - Records continuously updated by 20 data professionals under the direction of an MD
 - Validated and verified utilizing licensing boards
- **Comprehensive**
 - Over 470K HCPs including prescribing and allied health professionals + over 59K healthcare facilities
 - Largest email coverage (100% CASL compliant); 99% fax coverage; multiple HCP mail addresses
- **Segmented**
 - Segmentation by MAP® - Medicine Actively Practiced (refer to page 6 of the demographic report)
 - MD lists include 185 practice specialties, 86 therapeutic categories, and 10 location options

*Specialty types **Number of different types | Access the online version: bit.ly/PTMdemographicreport

Multichannel Solutions at One Source

PTM is the **One Source** for **multichannel communications** and **integrated programs**, all founded on an HCP database that has been the national leader for three decades.

Whether you are looking to communicate with HCPs or are developing a multi-channel patient support program, PTM provides the services that enhance brand performance at any stage.

MD Selections

M.A.P.®

Medicine Actively Practiced categorizes doctors into the specialties that they practice on an exclusive, full-time basis.

That is, if a GP/FM practices Emergency Medicine full-time, they are coded as an Emergency Medicine MD. GP/FM is noted in their supporting board and they are not included in the GP/FM count.

LICENSED DOCTORS

Includes all provincially licensed medical doctors. Retired doctors and residents are excluded from this count.

M.A.P. PRACTICE (P)

Defines a doctor's exclusive full-time practice specialty.

M.A.P. INTEREST (I)

Defines a clinical interest that the doctor is practicing. Unlike M.A.P.(P), it is not an exclusive or full-time activity.

COMBINED BOARDS (C)

Are two closely related specialty boards where doctors are certified in both e.g., Hematology plus Oncology.

MD PRESCRIBERS

Although all doctors are able to prescribe, this selection excludes MD's in diagnostic, laboratory, administrative and research activities. A listing of excluded specialties can be found in the addendum.

RELATED SPECIALTIES

PTM conveniently lists & groups related sub-specialties under a major specialty heading, e.g., Cardiology & related specialties. The count shown includes Cardiology plus any related sub-specialties.

GENERALISTS

A specialist or a GP / FM whose practice is not restricted to a particular sub-specialty.

NOT-PRACTICING

An MD who does not practice their certified specialty or related sub-specialty.

NON-MEDICAL ACTIVITY

Licensed MD's working exclusively at a non-medical activity, e.g., real estate.

GP/FM SPECIALIST

A licensed GP / FM who exclusively practices a full-time single medical specialty or administrative / research activity other than the traditional office-based GP / FM. This can be subdivided into prescribers and non-prescribers.

GP/FM BEST CUT

Full-time GP / FM 'Generalists' who are the 'busiest' doctors. They are office based and have a practice where no single specialty dominates their clinical activity. Other characteristics include:

- Daily patient visits ≥ 30 or Rx ≥ 20
- Less than or equal to 65 years of age
- Accepts mail - no "green mail stop" (environmental concerns)
